Second Phase of Active Reopening

Dear Parents,

The guidelines for Colorado are continually changing and being updated and Active is adapting its policies to reflect these changes. Starting the week of June 15th Active will implement the next phase of reopening its facility. There are two main changes that will take place.

1. Coaches will no longer be required to wear face covering when directly coaching classes. All coaches will have the option to continue to wear them if they chose but it is no longer a requirement, again this change is in conjunction with the updated rules governing Colorado business. All other CDPHE Symptom Tracking and Monitoring are still in full effect. Face coverings in the lobby and other common areas are still asked of all patrons.
2. Gymnasts will no longer need to have their own chalk. Chalk bowls will be sanitized with a UV wand between groups. If you wish for your gymnasts to continue to use their own chalk they may do so, additional blocks of chalk can be purchased from the gym. Chalk must be purchased from Active to be used in our facility, NO chalk is allowed from other vendors.

The following programs are still closed and or cancelled until further notice. Active apologizes for any inconvenience and hopefully will be able to start these programs again in the near future.

1. All Summer Day Camps are Canceled for 2020
2. No Open Gyms, or Parent Tot Open Gyms till further notice
3. No reservations for Birthday Parties at this time
4. No Parents night out until further notice
5. All vending, games, and gumball machine are still out of service

Active still needs your continual help in keeping our gym healthy and safe during these transitional reopening steps. Please, please continue to monitor your athlete's temperature prior to bringing them to practice. The CDC defines a fever as any temperature above 100.4 degrees. If your athlete has a fever or any symptoms of being ill they need to stay home. Washing your hands and using hand sanitizer regularly is a key to preventing the spread of germs. Make sure your athlete proceeds to the bathroom to wash their hands prior to the start of class. Active still strongly encourages all patrons to wear a face covering while in the lobby and other common areas of the facility.

Please continue to utilize the drop off and pick up areas outside of the facility so you can limit your need to enter. There is still no outside food or drinks allowed in the building, only closed top water bottles are allowed. Please make sure that all of your athletes belongings fit in a bag so that Active can continue to quickly sanitize cubbies between uses. This includes both the boys and girls teams, anything you take off your body should fit in your bag. Arrive at practice ready for the day and only a few minutes prior to your assigned start time.

Thank you for your continual support as we work through this transition phase. If you have any questions or concerns please don't hesitate to contact the front desk, and they will gladly assist you.

Sincerely
Active Athletics Staff.
